SUBJECT	Rules for Youth Regional ARDF Championships		
Society	MRASZ	Country:	Hungary
Committee:	C3	Paper number:	30
Contact:	Miklos Venczel, HA0LZ	e-mail:	mvenczel@c2.hu

Introduction

MRASZ suggests the modification of the Rules for Youth Regional ARDF Championships.

Background

Actually there is only one age group in the Youth Regional ARDF Championships according to ARDF rules appendix 6, Y14.2

Key points

MRASZ proposes the modification of the Rules for Youth Regional ARDF Championships in the following:

1. We suggest to expand the categories by adding age groups W17 and M17 in order to allow for the biological and physical growth of young people.
2. We also suggest that the W19 and M19 categories too, participate in the Youth Regional ARDF Championships instead of the Regional ARDF Championships. This way all youth categories would be in the same competition, increasing the number of participants in and the importance of the R1 YAC and decreasing the number of participants in the Regional ARDF Championships.

Recommendation

The MRASZ recommends to the General Conference to approve the modification ARDF Rules.
