SUBJECT	Date for the IARU Region 1 Phone Field Day		
Society	EDR	Country:	Denmark

### Introduction

It is proposed to move the IARU Region 1 Phone Field Day.

### Background

The IARU Region 1 Phone Field Day is held in the first weekend of september, and a move closer to midsummer would make the field day even more attractive.

- It clashes with the IARU VHF Contest
- It clashes with the All Asian Phone Contest
- Many contest operators want to operate HF and VHF
- The weather is often better during summer

### Recommendation

The HF-committee proposes a new date for the IARU Region 1 Phone Field Day, preferably in the month of august.
